

# Registration for Virtual CHEMCAD Workshops

To register for any of our 2022 virtual workshops, either fill in this form using Acrobat Reader or print, fill in, and scan. Send the file as an e-mail attachment to [training@chemstations.com](mailto:training@chemstations.com).

Name	Title		
<small>(as it should appear on completion certificate—<b>one participant per form</b>, please)</small>			
Company	Telephone		
Mailing address	City	State	ZIP
Country	E-mail address		

## Course Selection

Three-day workshops:  Workshop Attending

- February 8-10 • Basic CHEMCAD
- March 22-24 • Advanced CHEMCAD
- September 13-15 • Advanced CHEMCAD

Cost per participant:  
US\$1,550

One-day workshops:  Workshop Attending

- February 23 • CHEMCAD Distillation
- February 24 • Thermodynamics

Cost per participant:  
US\$900

Payment Methods:

- Pay by credit card (Chemstations staff will contact you)   
- Invoice (sent two weeks before course date)

**Note for virtual workshops:** Our training courses rely heavily on interaction between the instructor and attendees. Our instructors and staff are able to provide the best quality instruction when we can see and interact with the attendees. As such, we require cameras to be on during the course.

**Registration/cancellations:** Chemstations reserves the right to cancel/reschedule any workshop, in which case all fees will be refunded. If an attendee must cancel after fee payment, Chemstations will apply a credit in the amount of that fee toward a future workshop. Attendee substitutions may be made at any time.
